

Application for Paid Membership

The World Wide Association of Treasure Seekers (WWATS) was founded in the summer of 2002 to provide an organized voice for membership in an association that would “Preserve, Promote and Protect the right to the use of the Land and Natural Resources for, “*We the People*” now and in the future.” By joining WWATS you will be participating in an organization that will add your name and voice to a growing membership that will be in the fore front of the fight and education of those that want to remove our freedoms and use of public lands in the name of special interests and special groups or organizations.

WWATS has two types of membership and a special club affiliation that can connect you and a group of like minded members in a organized local club setting. A free membership is there for anyone and everyone that wants to join us. We also offer a “Charter Membership” for those that want to support WWATS with their financial support to provide a more forceful way for the fight for our rights under the law. The Charter Member will have special rates on WWATS events and outing. They will also have access to a more forceful membership and access to information they have promoted by being a financial supporter of WWATS. The following is a list of benefits in becoming a member:
